A & R CAFE

Do we row or float through this sea?
Strong muscles and wills will get us there
But, do we pull with the powers that be
And do we let others know we care?
Or do we let those oars lie
Resting, rotting right where they are?
Do we question what, now, why?
Or pin our hopes on a star?
Let's row! Make some waves now!
And follow them to the shore

Show them we know hold.
And then, row some more
with determination!

Our World is a Circus

Our World is a Circus, made of
Laughing painted down faces
that hide the sometimes insecurity
of growing up.

Our circus world is a kaleidoscope
of colors
moving and pulsating with life.

We move onward into life, not away
from it.

Each in our own ways listening to
the particular calopy music that
is ours.

Each of us lion tamers,
making our hidden needs and
longings perform as we choose.

Each of us walking the highwire
balancing to obtain the heights.

Our world is a circus.

Each of us the ringmaster.

Snaps

As we prepare to enter the Sea of Life, we become more aware of the things that influence us more and more. Throughout this annual we have tried to display our "sea of life" at MHS and how each activity, class, or organization has influenced some part of our lives in some way. It is our responsibility as individuals to accept things that cannot be changed and try to change things that can be made better.

I would like to thank Mrs. Christy, Randy Erb, and the Annual Staff, with a special thanks to Dean Bruha, Dean Covert, and Dale Scott (our faithful photographers) for helping make this annual. We hope you enjoy looking through this yearbook and that it will bring back good memories of your 1973-74 school year.
